housing for lonely persons or
families with low incomes

To acquire farmlands to allow
farmers' installation and to
develop an environment-friendly
agriculture

To finance the economic projects
in the developing countries –
favouring the economic growth,
the social justice and the
autonomy of the poor regions of
the world

The objectives of the platform: " inform, make sensitive, collect the solidarity-based savings "

To inform in order to save in a united way, to organize debates, conferences, to be present in trade and bio fairs, conferences, talks with specific public (schools, companies...)

To organize monthly basic service to welcome the general public

To collect the solidarity-based savings, from citizens, employees, and to redistribute them according to peculiar themes of each organization

To mutualize tools, human and technical means

To federate the permanent employees, the volunteers, each one is an ambassador of the others

The French financial holdings amounts to 3
500 billion euros

Even in constant progress (+ 32,9 % over
one year!!!) the solidarity-based savings
represented in 2012 only **4, 71 billion euros**,
that is **0,1 %** of these holdings...

Thank you for your attention
